

HGV SURVEY

Monday 26 & Thursday 29 September

7am – 7 pm

CAN YOU SPARE 2 HOURS

Herts County Council propose to introduce a 7.5 tonne weight limit on Water End bridge.

The Parish Council fear this will make Little Gaddesden a rat run for HGV's. Whilst HCC say they will do traffic surveys before and after there is no guarantee they will be published or acted upon.

We need our own survey.

Please let me know if you can do a 2 hour shift (or more) on a survey rota.
